Subject: M6H1: Hurricane Harvey: Community Liaisons, upcoming request for Hurricane Harvey Response Efforts
Date: Wednesday, September 6, 2017 10:51:58 AM
Attachments: [Rotations.xlsx](#)
Importance: High

See note below: If you are already deployed as a technical resource to address water and wastewater treatment plant status, don't respond to this request—we will likely need your expertise again in the field.

If you have not yet volunteered to assist with the Harvey response efforts and would like to do so (or if you have and your duties have been completed), this may be an opportunity for you to work on the community level.

Let Kim know if you would like to be considered for a community liaison position.

Thanks,
Jim

Subject: Upcoming request for Hurricane Harvey
Importance: High

ADs – please note that the REOC is requesting additional resources for potential upcoming needs through our Water Liaison (Kim Ngo). What she needs is a list of individuals and their availability to

be tasked as a EPA Community Liaison Reps. They are requesting for individuals to be able to deploy next week (Sept 11) for a total of a 2 week rotation. If they are unable to deploy next week, please ask them for their availability for any other potential dates in September for a total of a 2 week time period ---- this would be very helpful so that we can put together a rooster for other dates and backfilling needs. If asked what a Community Liaison Rep's tasking is --- handing out flyers to local impacted communities and/or coordinating at the local Emergency Operations Centers (EOCs) for each impacted city and working with a local reps in gathering and reporting back to REOC their local need requests. Kendra Gomez (H&S) is working with REOC to determine specific H&S requirements and/or other training requirements for each individual. Please note at this point don't worry about those requirements.....just gather your staff's availability.

NOTE: Please send the list to Angelica Siftsoff and cc'd Kim Ngo and myself. I appreciate your assistance in this matter For your convenience, I have provided an attached excel spreadsheet to place the individuals information and forward back to above requested names. thanks
